

ARPIT SAXENA

Environment, Health & Safety (EHS/HSE) Professional | Industrial Safety Engineering | M.Tech, NIT Trichy

Ahmedabad, India • +91-9040455117 • arpitsaxena484@gmail.com • linkedin.com/in/arpit484

PROFESSIONAL SUMMARY

Results-driven EHS/HSE professional with nearly 5 years of progressive experience spanning EPC construction, solar & renewable energy, semiconductor fabrication, EV gigafactory and power-transmission projects. M.Tech in Industrial Safety Engineering (NIT Tiruchirappalli), backed by NEBOSH HSE PSM, IOSH Managing Safely and ISO 45001. Proven record of building proactive safety cultures, leading IMS/ISO audits, conducting HIRA/HAZOP risk assessments and incident investigations, and ensuring environmental, statutory and sustainability compliance. Skilled in stakeholder engagement with clients, regulators and contractors, and in EHS digitization, AI and data analytics that turn safety data into measurable performance improvement.

CORE COMPETENCIES

Risk Assessment & Management (HIRA, HAZOP, HAZID, JSA, FMEA, Bow-Tie, What-If) • IMS / ISO 45001 & ISO 14001 Audits • Incident & Accident Investigation (RCA)
Permit-to-Work (PTW) & LOTOTO • Construction & EPC Site Safety • Process Safety Management (PSM) • Electrical & Fire Safety • Work-at-Height & Lifting Safety
Environmental & Hazardous Waste Management • Emergency Preparedness & Response • EHS Training & Behaviour-Based Safety (BBS) • EHS Digitization & Data Analytics (Power BI) • Statutory & Regulatory Compliance

PROFESSIONAL EXPERIENCE

Safety Engineer / Regional Safety Officer — Power Grid Corporation of India Ltd (POWERGRID) Jul 2025 - Present

CTDS Arunachal Pradesh High-Voltage Transmission & Substation Project

- Lead regional EHS for EHV transmission-line and substation construction works across the CTDS Arunachal Pradesh project, championing POWERGRID's "Zero Harm" safety standards across challenging hilly/remote terrain.
- Enforce permit-to-work, work-at-height, electrical isolation/LOTOTO and lifting controls for tower foundation, erection, stringing and EHV substation activities.
- Conduct field HIRA/JSA reviews, site safety audits and contractor EHS evaluations, driving timely closure of observations and corrective/preventive actions.
- Investigate incidents and near-misses through root-cause analysis and roll out lessons-learned and safety alerts across the region.
- Deliver induction, toolbox talks and competency-based training to staff and contractor workforce, strengthening behaviour-based safety culture.
- Ensure statutory compliance (Electricity Act/CEA, Factories Act, environmental norms) and maintain EHS documentation, statistics and regional reporting.

Assistant Manager - EHS — Larsen & Toubro Ltd (L&T Construction, Buildings & Factories) Dec 2024 - Jul 2025

Dholera Semiconductor Fabrication Facility ("Project Spark"), Gujarat — India's flagship semiconductor mega-project

- Managed site EHS across civil, structural and plant-&-machinery activities for a marquee semiconductor-fab mega-project, under the project EHS head — maintaining an LTI-free record throughout tenure.
- Achieved 100% inspection compliance in allocated zones, personally leading 100+ documented inspections and proactive safety observations.
- Administered the permit-to-work system for high-risk activities including tower-crane erection, deep excavation and piling.
- Developed site-specific inspection checklists and OEM-referenced equipment checklists (e.g., threading & forging machines) where standard formats were unavailable, enabling safe and prompt mobilisation.
- Completed 100% of control-procedure documentation for audit within 3 days against target, and led client/PMC safety walk-downs with full closure of observations.
- Implemented in-house signage and poster systems that improved hazard communication while reducing procurement and fabrication costs.

Deputy Manager - EHS — Tata Projects Ltd

Jul 2022 - Dec 2024

Multiple EPC projects: First Solar, Chennai (T&C In-charge) • TP Solar, Tirunelveli (Module Area In-charge) • Anant National University & TIIS, Ahmedabad (Site EHS Lead) • Agratas Gigafactory, Sanand (Site In-charge & Environment Manager)

- Delivered EHS objectives aligned to ISO 45001 & ISO 14001 across solar, institutional-build and EV gigafactory projects, building strong relationships with regulators, clients, contractors and communities.
- Facilitated investigation of 150+ incidents, near-misses and dangerous occurrences, evaluating corrective actions to prevent recurrence.
- Reviewed method statements and developed HIRA, HSE Plans, Emergency Preparedness & Response and Environment & Waste-Management plans for new projects.
- Earned the British Safety Council International Safety Award (Merit) and the NSC Tamil Chapter “Star” Award with the First Solar team.
- Developed and implemented testing & commissioning safety procedures for charging, repair and maintenance at the First Solar plant; supervised and audited critical lifting plans and recommended safer lift solutions.
- Monitored environmental parameters (air, water, noise, STP), ensured compliant handling and disposal of hazardous & non-hazardous waste, and supported corporate EHS & Sustainability reporting and analytics.
- Delivered extensive training — PTW, LOTOTO, work at height, excavation, hot work, confined space, lifting & erection, tower crane, electrical & fire safety and emergency preparedness.

EDUCATION

M.Tech, Industrial Safety Engineering — NIT Tiruchirappalli	CGPA 8.53	2020 – 2022
B.Tech, Electrical Engineering — KIIT University, Bhubaneswar	CGPA 8.22	2013 – 2017

CERTIFICATIONS & PROFESSIONAL DEVELOPMENT

- NEBOSH HSE Certificate in Process Safety Management (PSM) — Level 4
- IOSH Managing Safely — British Safety Council
- ISO 45001:2018 Occupational Health & Safety Management System (OHSMS)
- Scaffolding Inspector — Ask-EHS • Safety & Risk Analytics — NPTEL • EHS for Operational Sustainability — SAP
- Fire Safety in Buildings & Emergency Action Plan — ILO • Business & Operations Analytics — NITIE Mumbai • Supply Chain Management — CRDF Global

TECHNICAL SKILLS

AI & Data Analytics: Generative AI (ChatGPT, Claude, Copilot), AI/ML for Safety & Risk Analytics, Predictive Analytics, Prompt Engineering & AI-assisted EHS Workflows, Power BI Dashboards & Data Visualization

Software & Tools: SAP EHS, Power BI, TQ Digi'lytics (Wrench), ETAP, PowerWorld, MATLAB, MS Office

Programming: C++, Python

AWARDS & ACHIEVEMENTS

- British Safety Council International Safety Award – Merit Category (with the First Solar team)
- National Safety Council (NSC) Tamil Chapter — “Star” Award
- 2nd Place, “Safety Saga” national EHS competition — TeamTech EHS in collaboration with UPES
- GATE (Electrical Engineering): Score 665, All-India Rank 2054
- 1st Place, Robotics “Death Race” (Electrifyn, KIIT); 3rd Place, “Robosoccer” (IIT Bhubaneswar)
